

# Greenbelt Route

Possibility grows here.

---

## Mobile Workshop Route Assessment Notes

Friday May 9<sup>th</sup>, 2014.  
Raglan, Whitby to Cobourg

---

### General Participant Comments – Raglan to Orono:

Good

- Open vistas
- quintessential Greenbelt Experience
- Best Road was a nice low volume road
- Lisgard and Concession 7 provided a good alternative to the hill at the intersection of Concession 8 and Best

Needed improvement

- sand and debris needed cleaning from shoulders of road
- Concession Road 10 was a rough road
- Not sure why we skipped Port Perry
- prioritize bike routes for spring clean up
- crossing Taunton was tricky

### Route Notes

- Raglan Road much lower volume east of HW 2
- Tyrone Mills a great place to stop
- HW 10 in Northumberland was relatively busy – are there lower volume alternate roads to consider?
